

- 1x House

- 2x Roof Halves

- 4x Roof Clamps

- 1x Chimney

- 2x Mailboxes

- 1** Stand the house walls up and unfold into shape.
- 2** Fold in the floor tabs to secure the house shape, as shown.
- 3** Connect the two roof halves using the four roof clamps, before slotting the roof into the side walls of the house.

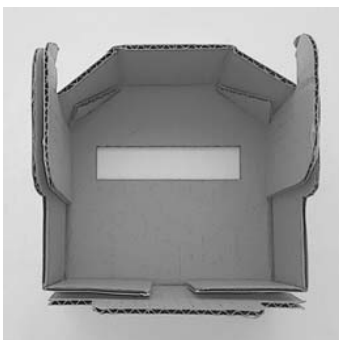

- 4** Secure the roof by sliding the locking tabs through the outside slot first, then fold the tabs down and through the inner slot.

- 5** Unfold the chimney and slide the tabs into the slots on the roof.

- 6** Fold in the sides, top and bottom of the mailboxes, as shown.
- 7** Connect each mailbox to the door by sliding in the top tabs first. Then, slide in the bottom tab, by pushing the mailbox in an upwards direction.

- 8** Your **BODEY** cubby house is now complete! Let imaginations run wild, colour-in, decorate and have endless fun!

Don't Forget!
You can disassemble your **BODEY** cubby house when not in use
or
take it with you on family trips and meet-ups.
